

MEMORANDUM O SARADNJI

između

UNIVERZITETA U SARAJEVU - PRIRODNO-MATEMATIČKI FAKULTET, Zmaja od Bosne 33-35, 71000 Sarajevo, Bosna i Hercegovina, Tel.: +387 33 723 723

i

KANTONALNI ZAVOD ZA ZAŠTITU KULTURNO-HISTORIJSKOG I PRIRODNOG NASLIJEĐA, Josipa Šadlera 32, 71000 Sarajevo, Bosna i Hercegovina, Tel.: +387 33 475 020

I Svrha Memoranduma o saradnji

Potpisivanjem ovog Memoranduma o saradnji Prirodno-matematički fakultet Univerziteta u Sarajevu (u daljnjem tekstu Fakultet) i Kantonalnog Zavoda za zaštitu kulturno-historijskog naslijeđa (u daljnjem tekstu Zavod) će partnerski doprinijeti realizaciji aktivnosti u okviru planiranog projekta "STECCI - STone monument Ensembles and the Climate Change Impact". Cilj istraživanja je kreiranje i promocija inovativne i održive zaštite dijela sakralnog kulturno-historijskog naslijeđa od negativnih uticaja klimatskih promjena i antropogenih prijetnji kroz aktivno učešće Zavoda u njihovom očuvanju i promociji. Osim u oblasti zaštite i očuvanja stećaka, cilj Projekta je stvaranje strateškog okvira za razvoj kulturnog turizma. Realizacijom Projekta će se unaprijediti i promovisati saradnja između lokalnih zajednica kako na nacionalnom tako i na nivou regije Zapadnog Balkana.

Ovakve aktivnosti imaju za cilj proizvodnju sinergijskog učinka koji bi poboljšao kvalitet života lokalnog stanovništva i očuvao kulturnu baštinu Kantona.

II Odnosi partnera i modaliteti saradnje

Fakultet i Zavod će se partnerski angažirati kroz odnose koji su bazirani na principima transparentnosti, konsenzusa, obostranog interesa, odgovornosti, efikasnosti, posvećenosti, međusobne informisanosti, autonomnosti obje strane, te dobrom i odgovornom upravljanju resursima koji će se koristiti za ostvarivanje zajedničkih ciljeva i aktivnosti.

Predmet saradnje po ovom Memorandumu podrazumijeva sljedeće modalitete podrške i saradnje:

- a) Saradnja i podrška u realizaciji monitoringa i konzervacije stećaka na lokalitetu nekropole Kopošići;

- b) Saradnja kroz organizaciju i učešće u obukama, seminarima, radionicama, okruglim stolovima i drugim oblicima rada i saradnje koji se odnose na ciljeve i radne zadatke Projekta);

U predmet Memoranduma će biti uključeni i drugi oblici saradnje vezani za projektne aktivnosti, prema dogovoru partnera.

Aktivnosti predviđene ovim Memorandumom između Prirodno-matematičkog fakulteta i Zavoda za zaštitu kulturno-historijskog naslijeđa će biti implementirane u toku realizacije projektnih aktivnosti.

Za Prirodno-matematički fakultet:

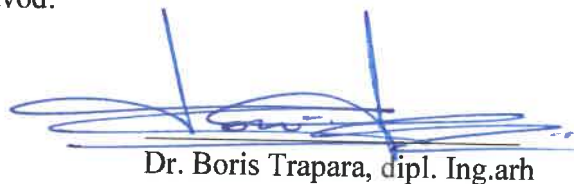

Dekan Fakulteta Direktor Zavoda

MEMORANDUM OF COOPERATION

between

UNIVERSITY OF SARAJEVO - FACULTY OF SCIENCE, Zmaja od Bosne 33-35, 71000 Sarajevo, Bosnia and Herzegovina, T: +387 33 723 723

and

CANTONAL INSTITUTION FOR THE PROTECTION OF CULTURAL, HISTORICAL AND NATURE HERITAGE SARAJEVO, Josipa Šadlera 32, 71000 Sarajevo, Bosnia and Herzegovina, T: +387 33 475 020

I Purpose of the Memorandum of Cooperation

By signing this Memorandum of Cooperation, the Faculty of Science of the University of Sarajevo (hereinafter the Faculty) and the Cantonal Institution for the Protection of Cultural, Historical and Nature Heritage Sarajevo (hereinafter Cantonal Institution) will partner in the implementation of activities within the planned project „STECCI - STone monument Ensambls and the Climate Change Impact“. The aim of the research is to create and promote innovative and sustainable protection of part of the sacred cultural and historical heritage from the negative effects of climate change and anthropogenic threats through the active participation of the Cantonal Institution in their preservation and promotion. Apart from the protection and preservation of stećak tombstones, the goal of the Project is to create strategic frameworks for the development of cultural tourism. The implementation of the Project will improve and promote cooperation between local communities at both the national and regional levels of the Western Balkans.

Such activities aim to produce a synergistic effect that would improve the quality of life of the local population and preserve the cultural heritage of the Canton.

II Partnership and modalities of cooperation

The Faculty and the Cantonal Institution will engage in partnership through relations based on the principles of transparency, consensus, mutual interest, responsibility, efficiency, commitment, mutual information, autonomy of both parties, and good and responsible management of resources that will be used to achieve common goals and activities.

The subject of cooperation under this Memorandum includes the following modalities of support and cooperation:

- a) Cooperation and support in the implementation of conservation activities at the site of the necropolis of stećak tombstones Kopošići;
- b) Cooperation through the organization and participation in trainings, seminars, workshops, round tables and other forms of work and cooperation related to the goals and tasks of the Project;

The subject of the Memorandum will include other forms of cooperation related to project activities, as agreed by partners.

The activities envisaged by this Memorandum between the Faculty of Science and the Cantonal Institution for the Protection of Cultural, Historical and Nature Heritage Sarajevo will be implemented during the implementation of project activities.

For the Faculty of Science:

Dean of the Faculty

Prof. dr. Nusret Drešković
